

## Internship Particulars

This is a paid doctoral internship with an anticipated stipend of \$18,075.

For 2018-2019, all Centerstone interns will have access to medical, dental, vision, and life insurance, and paid days off.

Internships begin on July 2<sup>nd</sup>, 2018 for 52 weeks; a 40 hour work week is encouraged.

*An APPIC site since 2005.*

## Major and Minor Rotation Locations

### Outpatient Location:

Centerstone Clinic  
379 6th Avenue West  
Bradenton, FL 34205

### Hospital Location:

Centerstone Hospital  
2020 26th Ave East  
Bradenton, FL 34205

### Assessment Rotations:

Centerstone  
Assessment Center  
379 6th Avenue West  
Bradenton, FL 34205

Supervisor: Dr. Bart Hodgens, Ph.D.

*There will be two concurrent rotations for this internship. Through these rotations, interns should be exposed to a broad range of experiences consistent with becoming a generalist in clinical psychology.*

*Non-primary site elective opportunities are available.*

# Centerstone Consortium Psychology Doctoral Internship 2018-2019

*Centerstone Site  
Information*

## Psychology Doctoral Internship Rotations

This internship will include one major rotation (generally 32 hours weekly) and one minor rotation (generally 8 hours weekly). These rotations are concurrent throughout the year.

### **Trauma Services (Major):**

The intern will provide individual, family and group counseling for adults who have survived traumatic experiences (child abuse, sexual assault) and for children who have experienced similar events. The setting is clinic based in our Rape Crisis Clinic.

### **Outpatient Adult Clinic Rotation (Major):**

The intern will provide psychological services to adults with both acute and long-term mental health issues. Diverse mental health issues are common with the population served. This is for someone interested in an "adult outpatient generalist" training.

## Psychology Doctoral Internship Rotations

### **Outpatient Child Clinic Rotation (Major):**

Interns will provide psychological services to largely adolescent and child populations. Family therapy is a significant part of this rotation. Diverse mental health and substance abuse issues are common with the children and their families in this rotation. This is for someone interested in an "outpatient generalist" training.

### **Hospital Generalist Rotation (Major):**

Interns will provide psychological services to adults (with some inpatient child and adolescent therapy) in a psychiatric hospital setting. Clients will have diverse mental health and/or co-occurring substance abuse issues. Group facilitation with clients with a wide variety of mental illnesses will also be offered along with transition from a hospital to an outpatient level of care, providing some long-term follow-up therapy.

### **Assessment Center Rotation (Minor):**

The intern will provide comprehensive, psychological assessment services for children, adolescents and adults in both outpatient and inpatient settings. Diverse diagnostic and treatment planning experience is a central aspect of this rotation.

## Didactics and Supervision

### **Didactics**

Centerstone Consortium offers over 100 hours of didactic training in a variety of areas. Major training topics include: neurological issues in child assessment, co-occurring disorders, trauma-informed practice, integration with other disciplines/ primary care, & professional development as a psychologist.

Each year the training interests of the interns are taken into account in providing specialty clinical training. Per the request of our interns, on-line trainings have also been incorporated into our curriculum. However, formal, didactic face-to-face contact for interns also occurs regularly.

### **Supervision**

Supervision is always provided by a licensed psychologist associated with that rotation.

For 2018-2019, Dr. Robert Boxley, Ph.D., Dr. Bart Hodgens, Ph.D. and Dr. Pamela Denison, Psy.D. will be providing the supervision for the internship.

*Centerstone uses the Online APPIC Application Materials. In addition, a child psychological assessment is required.*

*Completed packets for 2018-2019 must be submitted no later than November 3, 2017. Incomplete packets will not be reviewed.*

*Prospective interns will be contacted to arrange for interviews.*
